I totally understand your concerns. I guess we should get together again to discuss prioritizing cases. Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

We obviously have an abundance of work to do. We need to meet the Day 90s on FY19 cases, to the extent possible. We need to complete 40+ backlog cases every month. We need to complete the "hair on fire" cases (i.e., cases for which complaints/requests have been made by submitters to sr mgmt or are likely to be made). And we need to show progress on cases that need "rework" of assessments.

I will schedule a meeting this week with all of you to discuss.

Hello

How should we prioritize cases that we can complete if we finalize/update reports and QC them vs cases like this that require more "work".

I just added this to the "hair on fire" list. The request is currently on the RAD-CCD SIFs spreadsheet. They submitted a Ex. 5 Deliberative Process (DP) we need RAD to review and draft a response.

Please provide a reason why this review has taken three months to complete. I need to respond to my business unit the reason for the delay in their ability to commercialize their product.

Hi Dan,

We're still waiting for the documents you provided to be reviewed. I've elevated the priority of this and expect that the review will be completed during the month of June. Unfortunately, I don't have much control past that. I'll need to enter another suspension. I'm sorry again for your frustration on this.

Thanks,

Hi Dan,

I understand your frustration with the delayed review. I've been working to make sure it is advancing in the review queue, but it's very difficult to predict when it will actually be reviewed – unfortunately, I don't currently have a better explanation.

Thanks,

Not much of a choice. Allnex approves another suspension.

What explanation does the Health Assessor have for the delay in the review? The additional data and justification was submitted almost 9-weeks ago.

Hi Dan,

I'm still waiting on a health assessor to review the information you provided to address sensitization. I'm continuing to raise the issue to try to get it to move along.

On an unrelated case, I do have some good news. The "not likely to present unreasonable risk" determination for P-18-0188 was signed. Ex. 6 Personal Privacy (PP) is the PM for this case, but she's out of the office today. I have the determination and letter and can fax them to you at your convenience, if you'd like to let me know a time. They'll also go out in the mail.

Thanks,
